

## ALFAGÍA CONSERVACIÓN DE BIENES CULTURALES

ALFAGÍA, *conservation and restoration of cultural property* was founded in 1993. Since then its objectives and activities have been focused on conservating historical and artistic patrimony.

Although we offer our services to private clients, the Catholic Church, Foundations, construction companies, etc., our primary customers are the State Administrations: Ministry of Culture, Ministry of Defence, Junta de Castilla y León, Junta de Comunidades de Castilla La Mancha, Government of Aragón, Comunidad de Madrid, Diputación de Ávila, Diputación de Valladolid, Diputación de Ciudad Real, Consortium of Santiago de Compostela, etc.

As a service company, we treat a wide range of artworks. Our working method for each performance is based on detailed previous study, using techniques of physical and chemical analysis, stratigraphic and infrared reflectography, etc. dating and promoting the use of construction and manual techniques with highly complex technical processes that allow us to obtain appropriate treatment to the real needs of the diseases on which it intervenes. We provide the highest level of skills and knowledge in conservation and restoration treatments balancing the preservation needs of the objects with the practical requirement to restore, always trying to find realistic conservation solutions tailored to the specific characteristics of the object and trying to satisfy the expectations of the owner.

Alfagia offers conservation and restoration service in gothic, renaissance and baroque altars, wall paintings and frescos, art historical facades, tile and artistic grid, art furniture art from various civic and religious buildings declared National Monument or Cultural Property.
